Re: Urgently Needed Dock Repair—Ash Grove Cement Company

Dear Laura:

I've enclosed a copy of the Shoreline Substantial Development Permit Exemption for urgently needed repairs at the Ash Grove Cement barge unloading facility, for your use in processing the application for a Hydraulic Project Approval for this project. That application was submitted on January 7, 2005.

If you have any questions or need any further information to process our application, please call me at 206-903-3337. I'm almost always in the office; if you get my voice-mail, feel free to dial 0 and have me paged.

Sincerely,

Kristin Noreen

Anchor Environmental, L.L.C.
